**AGENDA**  
**for the**  
**24<sup>TH</sup> MEETING OF THE NUCLEAR WASTE MANAGEMENT COMMISSION (ESK)**  
**on 01./02.02.2012**  
**in Bonn**

---

- 1      Adoption of the agenda for the 1<sup>st</sup> day of the meeting**
- 2      Safety situation in the Asse II mine**
- 2.1    Reason for the consultations**
- 2.2    Rock-mechanical situation**
- 2.3    State of implementation of emergency and precautionary measures**
- 3      Possibilities for fast retrieval of the radioactive waste**  
**Findings from the BfS workshop on 18./19.01.2012**
- 4      Consultations on agenda items 2 and 3 and preparation of an ESK statement on**  
**the following issues:**
  - What possibilities for accelerating the realisation of retrieval are feasible without compromising on safety, so that it can be reliably shown that the retrieval of the waste from the Asse mine within the projected operating life of the mine is feasible?
  - Can planning and implementation of the emergency and precautionary measures be accelerated or optimised?

- 
- 5        Adoption of the agenda for the 2<sup>nd</sup> day of the meeting**
  - 6        Approval of the minutes of the 23<sup>rd</sup> meeting on 20.12.2011**
  - 7        Report of the BMU**
  - 8        Miscellaneous**
  - 9        Research need for Gorleben exploration and search for another site**
    - 9.1      Explanations on the request for advice**
    - 9.2      Discussion and consultation on the preparation of an ESK statement**
    - 9.3      Next steps**
  - 10      Reports from the ESK committees and working groups**
  - 11      Topics of consultations of the ESK and its committees**
  - 12      Miscellaneous**
